DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.
2. Claims 1-4, 6-8, 11, and 24-27 and 36-38 are rejected under 35 U.S.C. 102(b) as being anticipated by Winchel (U.S. 1,398,166). Please refer to paragraph 4 of the office action dated December 10, 2004. As broadly read, Winchel still meets the claim, as Applicant has not defined the surface, and the surface may be taken as the top surface (60) of the base member itself, in which case, Winchel teaches the platforms at an angle with 'the surface'. Referring to claim 36, Winchel teaches the second platform movable between positions as the first platform. Referring to claim 37, Winchel teaches that platform position is alternately elevated. Referring to claim 38, Winchel teaches the first and second platforms attached at the ends.

Claim Rejections - 35 USC § 103

3. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.
4. Claim 5 is rejected under 35 U.S.C. 103(a) as being unpatentable over Winchel. Please refer to paragraph 6 of the above cited office action.

Allowable Subject Matter

Art Unit: 3764

5. Claims 9-10, 12, and 28-35 are allowed. Please refer to paragraphs 7 and 8 of the above cited office action.

Response to Arguments

6. Applicant's arguments filed 05/20/2005 have been fully considered but they are not persuasive. As stated above, Applicant has not adequately identified or differentiated the surface. Therefore, if one considers the surface to mean the top surface (60), the claim limitations are still met.

Conclusion

7. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
